as "Owner");			
WHEDEAS Owner is	the or	war of record of 22 506 series of real property de	agaribad in

WHEREAS, Owner is the owner-of-record of 22.596 acres of real property described in Exhibit "A" and Exhibit "B" that is attached to this annexation agreement (which real property is hereinafter referred to as "Property"), and which Property is not within the corporate limits of any municipality but is contiguous to the corporate limits of the City; and,

WHEREAS, Owner desires that the Property be annexed to the City in order to provide adequate and efficient improvements and facilities; and

WHEREAS, Owner, after full consideration, accepts the terms and conditions cited in this Agreement due to the advantages and benefits resulting from the annexation of the Property; and,

WHEREAS, the City, after due and careful consideration, has concluded that should the City decide to annex the Property the annexation should be under the terms and conditions hereinafter set forth and that such terms and conditions are in the best interest of the City to protect and provide for the public health, safety, morals and general welfare.

NOW THEREFORE, in consideration of the mutual covenants and agreements herein contained, the parties hereto agree as follows:

<u>One</u>: Should the City annex the Property such annexation will be in accordance with the terms and conditions of this Agreement. This Agreement shall be an exhibit to the ordinance which annexes the property and shall be incorporated for all purposes. It is understood by the Owner that there are significant costs to the City associated with the annexation of Property into the City and of paramount consideration for the City in entering into this Agreement is that the Owner participate in the municipal infrastructure costs and costs for providing municipal services as required in this Agreement.

<u>Two:</u> Owner hereby agrees that the development of the Property shall be in accordance with the rules and regulations of the City, including Public Service Board Regulations, and subject to the application and payment of all necessary application and permit fees except as otherwise provided below in Section Three and Section Four of this Agreement. It is understood by the Owner that the requirements specified below and specified in Section Three of this Agreement are in addition to the requirements specified in the City of El Paso City Code, City ordinances, City rules and regulations, and the Rules and Regulations of El Paso Water-Public Service Board (EPW-PSB), and Owner agrees to comply with the additional requirements. Owner agrees to develop the Property in accordance with the following additional conditions:

1. No off premise signs shall exist on the Property at the time of annexation.

- 2. The Owner shall provide a ten (10) foot landscaped parkway at the rear of any double frontage residential lots that abut Cevallia Avenue.

- 4. The Owner shall improve the entire width of all rights-of-way to be dedicated. Half-streets or other portions of right-of-way width shall not be included in the annexation request.
- 5. The Owner, at its sole expense, shall improve the dedicated right-of-way to current standards in Title 19 and the City's Design Standards for Construction to complete Cevallia Avenue as a Minor Arterial roadway, and to extend a north-south-oriented thoroughfare as a Major Arterial roadway. The Owner shall not be entitled to any costs or expense for construction of the road to include but not limited to request for overwidth payment reimbursement.
- 6. The Owner, at its sole expense, shall construct buffered bike lanes on a through-travelling north-south-oriented street, as recommended in the City of El Paso Comprehensive Bike Plan.
- 7. Owner understands that a Traffic Impact Analysis (TIA) is required in accordance with Title 19 at the time of platting, and by Title 20 at the time of zoning if the property is rezoned to a more intense use or to a use that has the potential to increase the traffic impact on the adjacent traffic infrastructure. Owner agrees to be responsible for constructing or contributing to the cost of construction of the traffic mitigation signalization and traffic calming devices ("Improvements") which the TIA indicates are necessary, attributable and proportional (the Owner's proportionate share) to the development of the Property.
- 8. The Owner shall reimburse the City for all costs incurred by the City to complete the public notification procedures required by applicable sections of Title 2, Subtitle C, Chapter 43 of the Texas Local Government Code.
- 9. An annexation fee of \$820 per dwelling unit shall be assessed at the time of plat recordation.

<u>Three</u>: Owner hereby agrees that within 90 days of the passage of the ordinance annexing Property, Owner shall apply for a subdivision plat in accordance with the procedures of Title 19 (Subdivisions) of the Code.

<u>Four</u>: In addition to any other fees and charges required by the El Paso Water-Public Service Board Rules and Regulations, Owner agrees to pay water and wastewater impact fees in accordance with the City of El Paso's Ordinance #017113 and the EPW-PSB Rules and Regulations No. 16.

If the City or Owner determines that the invalid provision is material, then, if the City has made such determination, the City shall have the option to disannex the Property. SUAX17-00001 Cuesta Del Sol Annexation Agreement

The proposed Cuesta Del Sol Annexation agreement was scheduled for the City Plan Commission (CPC) on September 6, 2018. The CPC recommended approval of the proposed annexation agreement.

The recommendation is based on the determination that the proposed annexation is in the best interest, health, safety and welfare of the public in general; and will have no effect on the natural environment, social economic conditions, and property values in the vicinity and the city as a whole.

REQUEST:

Annexation for Residential Development

RELATED APPLICATIONS:

See Page 4

STAFF RECOMMENDATION: Approval

SUMMARY OF REQUEST: The applicant is requesting to annex approximately 22.596 acres of land located within the City of El Paso's Extraterritorial Jurisdiction (ETJ) to develop 88 single-family residential lots, one ponding area, the extension of Cevallia Avenue and the creation of several new streets.

SUMMARY OF RECOMMENDATION: The Planning Division recommends APPROVAL of the Annexation Agreement (see Attachment 4). The subject property complies with the standards of the City's Annexation Policy.

Proposed Annexation Location

DESCRIPTION OF REQUEST

The applicant requests annexation of the previously described land into the corporate limits of the City of El Paso. Annexation requests must comply with the standards and provisions of the City's Annexation Policy, as most recently amended on March 4, 2014.

The applicant proposes to develop the property for predominantly residential uses upon annexation of the property. As is required, the applicant has submitted a generalized plot plan (Attachment 3) depicting a development comprising 88 single-family residential lots and one ponding area. The plan also shows the extension of Cevallia Avenue east from its current terminus, and the creation of several new streets.

The Commission must determine the following:

- 1. Will the annexation protect the best interest, health, safety and welfare of the public in general?
- 2. What is the relation of the proposed change to the City's Comprehensive Plan?
- What effect will the annexation have upon the natural, social, and economic conditions, and property values, in the vicinity, and in the City as a whole?

Site Development Plan

CONSISTENCY WITH THE CITY'S COMPREHENSIVE PLAN

PLAN EL PASO GOALS & POLICIES	DOES IT COMPLY?
O-6 — Potential Annexation This sector applies to potentially developable land that is not needed for urban expansion at this time but is available if expansion is needed. Land can be redesignated from O-6 to a growth sector through a formal amendment to the Future Land Use Map.	The subject parcel is designated O-6 on the Future Land Use map. Plan El Paso recommends the modification of City regulations to create conditions through which O-6 designated land would not be needed for residential demand before 2035. However, the City annexation policy, which has not been updated since the adoption of Plan El Paso, states that areas for voluntary annexation should meet a minimum set of requirements that do not reflect or incorporate Plan El Paso recommendations.
Policy 1.5.1: The City strongly recommends that further outward expansion take the form of complete new neighborhoods that have characteristics of El Paso's most revered older neighborhoods. This policy applies to future development in the O-6 "Potential Annexation" and O-7 "Urban Expansion" open-space sectors on the Future Land Use Map.	The City annexation policy requires review of properties being proposed for annexation against guidelines that a similar to this policy. See the analysis below.

CONSISTENCY WITH THE CITY'S ANNEXATION POLICY

Adopted in September 2009, the City's annexation policy states that proposed annexations are subject to review requirements, including:

"The extent to which the general development plan incorporates Smart Growth principles, most essentially incorporating or promoting a mixture of land uses where appropriate, an interconnected network of streets, and transit alternatives to the automobile."

The Generalized Plot Plat provided by the applicant indicates the landowners' intent to develop the property as a residential subdivision including single-family detached houses exclusively. While this proposal does not provide a mixture of land uses, it is consistent with the development pattern present in the City immediately to the west of the subject property.

The plan does include a network of streets that will connect to the existing grid, including the extension of the east-west travelling Minor Arterial, Cevallia Drive, and the inclusion of a north-south travelling Major Arterial to be extended in the future, as per the City's Major Thoroughfare Plan. Several of the local streets proposed within the subject property are designed as stub streets, allowing them to be extended in the future by neighboring developments.

The only dedicated infrastructure for alternative transit options is proposed for the unnamed north-south travelling Major Arterial, which will include buffered bike lanes, as suggested on the City's Comprehensive Bike Plan. The inclusion of the north-south travelling Major Arterial, and the buffered bike lanes thereon, are included in the proposed annexation agreement as conditions that the applicant must comply with in order to be granted annexation.

NEIGHBORHOOD CHARACTER AND COMPATIBILITY: The area to the immediate west of the subject property was annexed in 2006, and is primarily developed for single-family detached residential lots, with neighborhood parks and drainage ponds interspersed. There is an elementary school (John Drugan Elementary) located 0.6 miles away; the nearest existing park

SUAX17-00001 9/6/2018

(Burning Mesquite Park) is located 0.14 miles away. Additionally, the Mesquite Trials Multi-use Trail is accessible via Burning Mesquite Park and travels northwest for 0.7 miles to Snowy Plover Street.

Existing Zoning in the Surrounding Area

ADEQUACY OF PUBLIC FACILITIES AND SERVICES: The applicant will need to coordinate with EPWater and utility companies to provide services to the property.

EFFECT UPON THE NATURAL ENVIRONMENT: Subject property does not involve greenfield/environmentally sensitive land or arroyo disturbance.

COMMENT FROM THE PUBLIC: N/A

STAFF COMMENTS: No objections. See comments from reviewing departments (attachment 6).

RELATED APPLICATIONS: Prior to the commencement of development, the applicant must complete the following processes:

- 1. Annexation and Service Plan
- 2. Subdivide the subject property

<u>Planning & Inspections Department – Planning Division</u>

Recommend approval.

<u>Planning & Inspections Department - Land Development</u>

We have review subject plans and recommend for applicant to address the following comments:

- 1. Verify and coordinate western subdivision boundary line bearing and distance information on preliminary plat with that of Mesquite Trails Units 6 and 10.
- Verify pond corner radii are within minimum code requirements on preliminary plat sheet. Curve tables are repeated. Include all radii on curve tables.

No objections

El Paso Police Department

As part of the agreement, we are obligated and will provide full services to any citizen. The concern with continued annexations is the strain created on our resources to continue providing expedient quality services.

Capital Improvements Department - Transportation Planning Division

The extension of Cevallia Drive (east/west minor arterial) should be required to be extended and improved to City standards through this property. In addition the north/south major arterial shown on the City's Major Thoroughfare Plan and adjacent to the subject property on its easterly boundary should also be extended and improved to City standards through this property. Both of these arterial dedications should be included in the annexation agreement as shown and required in the City's adopted Major Thoroughfare Plan.

El Paso Water – Stormwater Engineering

The proposed ponding area shall have enough capacity to hold the developed runoff for a designed 100-year storm event.
