Notification of Submission of Affordable Housing Applications

The Honorable Dee Margo  
Mayor, City of El Paso  
300 N. Campbell  
El Paso, TX 79901

**Re: Notification of Affordable Rental Housing Application(s) Proposed in Your City**

Dear Mayor Margo:

The Texas Department of Housing and Community Affairs (the "Department") has received one or more application(s), for the Housing Tax Credit Program, for the development of affordable rental housing in the community you represent. A development summary for each application submitted, as well as relevant dates relating to the application(s) is included with this correspondence.

This notification is made in accordance with Tex. Gov't Code §2306.1114 to ensure that you are informed of the housing activity in your district and so that you may provide input on the proposed application(s) should you so choose. The Department greatly appreciates receiving views concerning the need for affordable housing within the local districts and how the proposed development(s) may address that need. Your comments will be carefully considered by the Department's Governing Board when making a decision to award Housing Tax Credit funds to an application.

The Department's mission is to administer all of its assigned programs efficiently, transparently, and lawfully and to invest its resources strategically to develop high quality affordable housing which allows Texas communities to thrive. The Housing Tax Credit Program is just part of a wide variety of housing finance programs administered by the Department. Through its rental housing finance programs, the Department encourages new construction, reconstruction or rehabilitation of high quality multifamily rental housing, primarily through partnerships between public-private developers and owners. These developments benefit Texans in your district by providing qualified individuals and families with safe, decent and quality affordable housing.

Please mail any comments you may have to TDHCA, Multifamily Finance Division, Attention: Teresa Morales, Multifamily Division Manager, P.O. Box 13941, Austin, Texas 78711-3941 or submit by facsimile at (512) 475-1895. ## SUN PLAZA ATTACHMENT B-3

### Introduction

The Housing Authority of the City of El Paso (“**HACEP**”), in conjunction with its affiliated entities including Paisano Housing Redevelopment Corporation (“**PHRC**”) are submitting this application to rehabilitate the Sun Plaza apartments (“**Sun Plaza**”) using non-competitive 4% low income housing tax credits administered by the Texas Department of Housing and Community Affairs (“**TDHCA**”) and tax exempt bonds.

Sun Plaza is a high-rise building that will house a diverse group of residents. HACEP is proposing to utilize 4% tax credits and other financing sources to complete extensive remodeling and rehabilitation of Sun Plaza. This project, if approved to proceed, would be part of HACEP’s conversion of its public housing units at Sun Plaza as part of the federal Rental Assistance Demonstration project (“**RAD**”). As the City of El Paso is aware, HACEP is in the midst of a portfolio-wide RAD conversion of virtually all of its public housing units. The RAD program allows HACEP to utilize private and public financing, at no cost to local taxpayers, to renovate, rehabilitation and/or re-construct public housing apartments. After a property undergoes a “RAD conversion,” the residents transition from one federally-subsidized housing program (public housing) to a more streamlined and efficient program (project based rental assistance), which is a seamless transition from the resident’s perspective but which benefits HACEP and the community. After a RAD conversion is complete, the residents enjoy a more modern, more energy-efficient, more secure, and more aesthetically-pleasing residential property. HACEP benefits as well, not only from a cash flow perspective, but HACEP obtains a newer apartment that is easier to maintain and lease. The community benefits as well, as the newly-renovated property adds to and enhances the surrounding neighborhood.

### Value Statement 2

Sun Plaza supports breaking the cycle of poverty and supporting upward mobility by either directly providing or facilitating availability of social services. It provides a basis and guide to aid all involved parties, and offers residents with affordable housing opportunities. With the help of various parties, El Paso will connect neighborhoods and develop a foundation which will help it move towards an exciting future. With Paisano Housing Redevelopment Corporation, a non-profit public facility corporation under HACEP (“**PHRC**”), as part of the development team, Sun Plaza addresses the plan’s endeavors, which emphasizes housing in El Paso.

Sun Plaza complies with the overall goals to maintain sustainable and an efficient housing supply, preserve and revitalize El Paso’s neighborhoods, transformation of neighborhoods into walkable and connected communities. Expand affordable housing opportunities by utilizing new tools, technologies, and partnerships.

Located in the heart of the downtown area and nearby the Historic Magoffin neighborhood, Sun Plaza grants residents access to museums, cultural affairs, civic buildings, and educational experiences.

The development welcomes non-traditional households, promoting mixed populations and embracing diversity. As traditional households evolve, so will the financial capacities. These factors are playing an unprecedented role in determining housing needs, and availability to a wide array of choices is essential. Sun Plaza provides the neighborhood quality and affordable housing, including a percentage of ADA and VHI units. It will serve different populations without making any social economic distinctions. As part of this effort, special needs populations, in particular veterans and homeless, are served.

It encourages green practices and conserves environmental resources, reducing the cost of infrastructure. As part of the design, it will incorporate the applicable criteria necessary to obtain LEED Certification. It also promotes infill developments, preserving existing neighborhoods. By utilizing available land, incorporation of neighborhoods is endorsed, deterring the need to move to the outskirts of town.

The development also has “front door” access to public transportation. Residents will have availability to all major travel corridors and the newly added Rapid Transportation System. Another component of making transit more accessible is the incorporation of bicycle parking separate from regular automobile parking. Through this amenity, residents will be able to capitalize on the network of streets. Making this alternative form of transportation more attractive, and dependency on automobiles unwarranted. Neighborhood amenities are also accessible. Overall the development promotes the concept of live and work closer together, and this is especially valuable for family members who are care providers.

Sun Plaza also aids in the effort to stimulate and enhance economic growth in the surrounding area. The construction of this development will not only revitalize an historic neighborhood, but protect them as well. Additionally, through collaboration between the City of El Paso, Workforce Solutions Borderplex, and HACEP, a diverse workforce is incorporated into the process. As a result of this, a number of programs, including Section 3, will be utilized to help this development come to life. Through the Family Self-Sufficiency (FSS) Program administered by HACEP, home ownership is also encouraged. FSS utilizes resources to assist head of households set goals and develop an action plan. Over a period of time, residents achieve economic security and stability, saving a significant amount to buy and sustain a house. HACEP’s FSS Program is the leading home ownership placement program in the El Paso area, with significant history over several years of transitioning low-income residents from subsidized affordable housing to the American dream of home ownership.

### Value Statement 3

Sun Plaza is a housing development which will apply for tax credit financing under the non-competitive 4% Bond application cycle. TDHCA will consider the development Rehabilitation. This effort will help preserve part of El Paso’s history, and provide economic growth.

This type of development meets the TDHCA criteria of promoting the edification of high quality housing. Unit sized and features have been enhanced with no additional charge to the residents. These amenities will enhance the overall quality of life for the residents, and incorporate Green Building elements.

Sun Plaza is committed to serve and support Texans most in need. It will provide a combination of supportive services along with adequate space for these. These services may include, but not limited to GED preparation classes, annual health fair, Notary services, and/or providing a full-time residents service coordinator. These supportive services may be modified as resident needs change. In conjunction to these services, the development is including a set of units specifically with residents with special needs. These units are over and above the mandated handicap and visually and hearing impaired units.

Residents are given an opportunity for inclusiveness and afforded an opportunity to access public services because although the development is with-in ½ a mile from public transportation, it is also conveniently located near various community assets. Medical facility, outdoor public recreation, religious institutions, post office, convenience stores, and restaurants to name of few.

The community is engaged and has provided vital support to Sun Plaza. The City of El Paso, agreed to pass a resolution of local support and commitment. Backing for this development continues with the support of various community organizations such as Project Bravo and the YWCA.

By efficiently utilizing limited resources available, and abiding to all previous responsibilities, Sun Plaza meets the goals, objectives, and the overall criteria set forth by TDHCA.

#### Value Statement 4

HACEP has a statutory mandate to serve low-income families in El Paso. This means that HACEP has been, and will remain, the leading provider of affordable housing in El Paso. HACEP has a longstanding commitment to and partnership with the City of El Paso. It's local presence and long-term accountability dates to almost 80 years of continuous service.

Prior to the initiation of the RAD conversion, HACEP received about \$10 million a year in Capital Funds from the US Department of Housing and Urban Development (HUD) for the Rehabilitation/Modernization of approximately 6,000 public housing units. Once RAD is completed, although Capital Funds will cease to be provided under that name, the concept of funding long-term care and maintenance of HACEP's housing will remain as part of the cash-flow structure of HACEP's properties.

In 2005, HACEP was awarded from HUD a HOPE VI Revitalization grant in the amount of \$20 million for the revitalization of Alamito Apartments, a development comprised 349 public housing units. HACEP obtained 4% tax credits for the 76 elderly units of the Alamito Terrace complex (General Partner – Alamito Terrace GP, LLC) and received \$3,358,396 in tax credit equity contributions, and for 142 multi-family units of the Alamito Gardens complex (General Partner – Alamito Gardens GP, LLC) receiving \$7,129,987 in tax credit equity contributions.

As a result of President Obama's American Recovery and Reinvestment Act (ARRA) HACEP was awarded \$12.7 million in Capital Funds from HUD for the rehabilitation of public housing properties. HACEP successfully met the shortened obligation and expenses deadlines of this grant.

HACEP replaced the roofs of over 50% of the total public housing units. Additionally, HACEP applied for a competitive ARRA grant for the development of a Green Community and was successful in receiving a grant for \$8.3 million. The Paisano Green Community was completed in June 2012.

Recently, HACEP partnered with a third-party developer to obtain housing tax credits. HACEP, the Hunt Companies, and Investment Builders, Inc. (IBI), broke ground on 'Eastside Crossings,' a mixed-income, mixed-finance apartment community. The property features 188 units of conventional public housing, affordable housing, and market rate units. The development features units built to LEED Silver energy efficiency standards. Construction of the \$22 million community was completed in fall 2014.

In 2014, the Texas Department of Housing and Community Affairs awarded HACEP \$2.2 million in housing tax credits for the Haymon Krupp and Tays development. Construction begun in 2015, and was completed at the end of 2016. Additionally, in July 2015 HACEP was awarded approximately \$2.5 million in housing tax credits for the reconstruction of Thomas Westfall Memorial Apartments, which was to top application in the At-Risk set aside, and Sherman Plaza. Closing and construction began the later part of 2016. Also in July 2016 HACEP was awarded \$3 million in housing tax credits for the reconstruction of two new developments, which will be named Commissioners Corner and Gonzalez Apartments totaling 338 units. These development receive full support from the City of El Paso.

#### Value Statement 5

Since the adoption of the first City Plan of El Paso in 1925, this document has become the cornerstone in making El Paso the city it is today. It has stayed true to its purpose of promoting the convenience of its population, improve health, provide different recreational options, and beautify El Paso as a whole. El Paso may be the 19<sup>th</sup> largest city in the nation, but more importantly, it ranks at the top when it comes to safety in the nation. It's not only the home to Fort Bliss, but it also has become the retirement place of choice for many military families. These factors, along with historic advantages and economic diversity, contribute to the City's success.

Sun Plaza meets the City's smart growth initiative as set out in Plan El Paso and established sound business practices to ensure the Mission, Vision, and Values of the City of El Paso are preserved. Sun Plaza conserves environmental resources, spurs economic investment, and reduces the need for infrastructure and services. This development strengthens the preservation of historic landmarks, as it is located in the heart of the downtown area. Although the development is a rehabilitation, it is considered an infill. Its strategic location provides a housing option, which has activities within walking distance, proximity to neighborhood services, and public transportation alleviating the dependency on automobiles.

Sun Plaza will bring stability to its neighborhood not only by building affordable housing, which include ADA and VHI units, but through different resident programs. The development encourages the participation of community associations, JWRC Resident Council plays a vital role in addressing the needs of the residents. Supportive Services, which are tailored to the community, will be available to the residents as well. Residents are encouraged to participate in the Annual

Art Contest and the “HOT” Summer Program, which is a day proclaimed by the Mayor. The developer also sponsors the Family Self Sufficiency program, to promote home ownership.

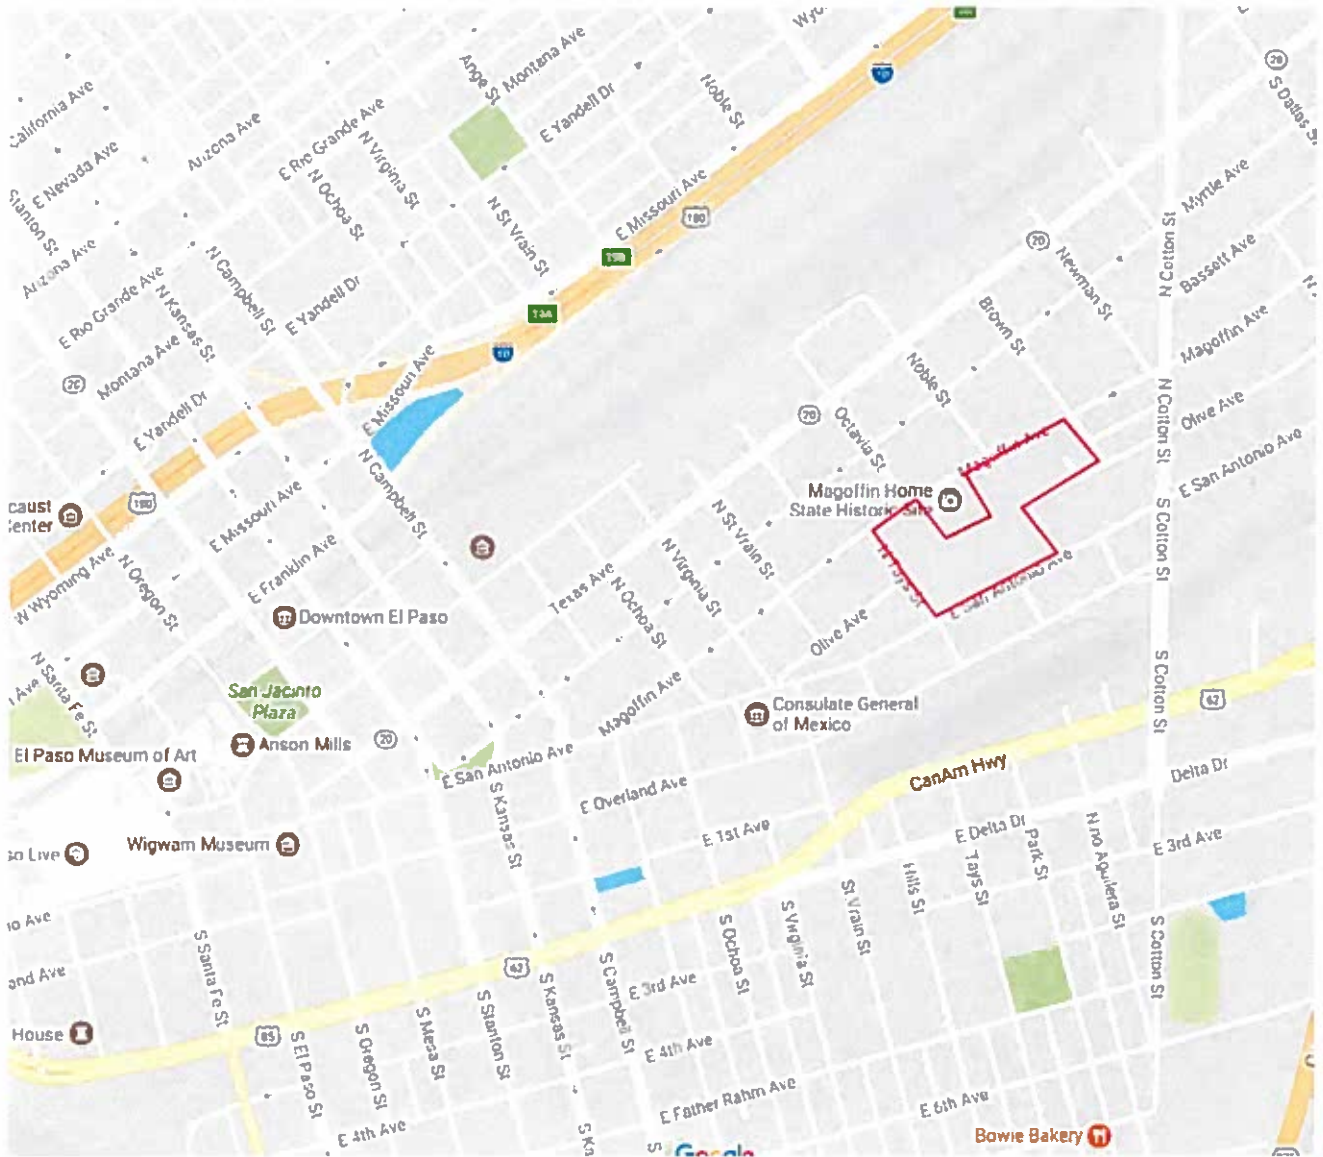

The project will promote a healthy, productive, and safe community. It will partake in various health fairs. Additionally, the developer, in collaboration with the US VA has hosted the Community Health Summit and has been recognized by Paso Del Norte for being Smoke Free. The development will promote and provide a safe and healthy environment to our four legged residents. As an outreach to Vets and other special needs residents is made, provision to welcome service animals is made as well. Enterprise Green Communities or LEED initiatives will be incorporated into the design of this development, thus reducing operational costs and energy consumption.

Sun Plaza will ensure all environmental regulatory requirements are met. With the help of various local, state, and federal agencies, the development will meet all necessary codes as the rehabilitation of these takes place. Disposing of solid waste is a City wide challenge. Contributing to the solutions community gardens are incorporated. Through a proposed key-hole system, not only compost will be provide to the garden, but it will require very low maintenance as well. Through pest control, Sun Plaza will be treated for “unwelcomed” guests assisting in hosting a healthy community and surrounding areas.

Recovering from an extreme weather event can be achieved through many ways, but our strongest ally is education. Though the help of the resident councils and by hosting meetings and health fairs, residents will gain knowledge and help minimize the damage families will endure. Achieving individual resiliency for El Paso residents.

The City of El Paso is much more than brick and mortar, its foundation is its people, and with the help of various parties, Sun Plaza will help the City of El Paso connect neighborhoods and develop a society which will help it move towards an exciting future.
