Narrative Information

Introduction

The purpose of the program is to sustain interagency law enforcement operations and enhance local law enforcement patrols to facilitate directed actions to deter and interdict criminal activity. Program participants shall assist in the execution of coordinated border security operations in an effort to:

- Increase the effectiveness and impact of Steady State and Surge Operations.
- Reduce border-related criminal activity in Texas.
- Implement and increase the effectiveness of operational methods, measures, and techniques for outbound/southbound operations.
- Decrease the supply of drugs smuggled into and through Texas from Mexico.
- Disrupt and deter operations of gang and cartel criminal organizations.
- Decrease specifically targeted tactics (such as conveyance methods) for drugs in the Texas border region.
- Decrease use of specific areas for crime as targeted in directed action missions.
- Increase the effectiveness of air operations mission planning and prioritization.
- Increase the coordination and integration of air-ground team operations to include Texas Military Forces (TMF) aviation, United States Customs and Border Patrol (USCBP) Air and Marine, Texas Department of Public Safety (DPS) Aircraft Division, and United States Coast Guard (USCG) aviation support.
- Increase the effectiveness of directed action missions based upon intelligence and analysis to ensure they target the most serious threats and are conducted in high pay off areas.
- Increase the number and quality of analytical intelligence products developed at the Unified Command and state levels.
- Increase intelligence based operations at the Unified Command level through integration of TxMap, sector specific information, and intelligence analysis.

Funding Levels

The anticipated funding levels for these programs are as follows:

- Minimum Award - None
- Maximum Award - None
- The program does not require a grantee to provide matching funds.

For more information regarding grantee match, please click on the **Budget** tab, and then click on the **Source of Match** tab in eGrants.

Note: *If you voluntarily include matching funds that exceed the minimum match requirement, you will be held to that amount throughout the grant period.*

Program Requirements

Coordination with Regional Joint Operations Intelligence Center (JOIC)

Grantees must agree to perform the following activities:

- Participate in operational planning and coordination meetings, information/intelligence sharing meetings, and After Action Reviews (AARs) established by the Texas Department of Public Safety's (DPS) Joint Operations and Intelligence Centers (JOIC).
- Participate weekly on the JOIC Unified Command conference calls or meetings as required by the JOIC.
- Report significant border-related events that occur during each 24-hour period.
- Conduct enhanced law enforcement patrolling activities.
- Recognize and react to information/intelligence to adjust times and locations of enhanced patrol activities.
- Identify significant border-related trends or areas of interest that may be developed into focus areas for future operations.
- Conduct surveillance, interdictions, investigations, and collect and disseminate information within its jurisdiction or cross-jurisdiction lines as required.
- Conduct Steady State operations and respond to calls for service.
- Integrate air, ground, marine, and remote operations.

Grantees must agree to submit BIAR reports to the JOIC:

The grantee shall report all border-related events to the JOIC using the BIAR. BIAR reporting shall include events that occur during Enhanced Operation activities AND events that occur during Steady State activities.

Enhanced (Surge) Operations originate out of the use of LBSP funds when the local agency chooses to increase the hours of patrol or the number of investigative bodies. Steady State activities are defined as normal patrol or investigative duties that do not use grant funds, but directly impact the overall LBSP mission, such as organized crime arrests, terroristic activities, weapons trafficking arrests, kidnappings, human trafficking, human smuggling, home invasions with a border or organized crime nexus, illegal immigration, border-related murders, gang-related murders, vehicle thefts, or drug trafficking.

The BIAR is the primary incident and information-reporting tool for the grantee in local border security operations. The grantee shall ensure all BIARs conform to the respective standards outlined by the JOIC and are submitted within 24 hours of the end of shift and/or the timeframes established by the JOIC.

Program Income

Applicant agrees to comply with all federal and state rules and regulations for program income and agrees to report all program income that is generated as a result of the project's activities. Applicant agrees to report program income through a formal grant adjustment and to secure PSO approval prior to use of the program income. Applicant agrees to use program income for allowable costs and agrees to expend program income immediately after PSO's approval of a grant adjustment and prior to requesting reimbursement of funds.

Deduction Method - Program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless PSO authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the PSO award and grantee match rather than to increase the funds committed to the project.

Asset Seizures and Forfeitures - Program income from asset seizures and forfeitures is considered earned when the property has been adjudicated to the benefit of the plaintiff (e.g., law enforcement entity).

DUNS

Eligible applicants must have a DUNS (Data Universal Numbering System) number assigned to its agency.

System for Award Management

Eligible applicants must be registered in the federal System for Award Management (SAM) database and maintain an active registration throughout the grant application period.

Certifications

Criminal History Reporting

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 66*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Beginning January 1, 2020, counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90 percent of convictions within seven business days to the Criminal Justice Information System at the Department of Public Safety. By January 1, 2021, such reporting must take place within five business days. Click [here](#) for additional information from DPS on this new reporting requirement.

Uniform Crime Reporting (UCR)

Eligible applicants operating a law enforcement agency must be current on reporting Part I violent crime data to the Texas Department of Public Safety (DPS) for inclusion in the annual Uniform Crime Report (UCR). To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year.

Conversion to National Incident-Based Reporting System (NIBRS)

The Texas Department of Public Safety (DPS) has established a goal set by the Texas Legislature for all local law enforcement agencies to implement and report crime statistics data by using the requirements of the National Incident-Based Reporting System (NIBRS). Additionally, the Federal Bureau of Investigations (FBI) will collect required crime statistics solely through the NIBRS starting January 1, 2021. Due to this federal deadline, grantees are advised that eligibility for future grant funding may be tied to compliance with NIBRS. Financial grant assistance for transitioning to NIBRS may be available for your jurisdiction from the Public Safety Office.

Compliance with State and Federal Laws, Programs and Procedures

Local units of government, including cities, counties and other general purpose political subdivisions, as appropriate, and institutions of higher education that operate a law enforcement agency, must comply with all aspects of the programs and procedures utilized by the U.S. Department of Homeland Security ("DHS") to: (1) notify DHS of all information requested by DHS related to illegal aliens in Agency's custody; and (2) detain such illegal aliens in accordance with requests by DHS. Additionally, counties and municipalities may NOT have in effect, purport to have in effect, or make themselves subject to or bound by, any law, rule, policy, or practice (written or unwritten) that would: (1) require or authorize the public disclosure of federal law enforcement information in order to conceal, harbor, or shield from detection fugitives from justice or aliens illegally in the United States; or (2) impede federal officers from exercising authority under 8 U.S.C. § 1226(a), § 1226(c), § 1231(a), § 1357(a), § 1366(1), or § 1366(3). Lastly, eligible applicants must comply with all provisions, policies, and penalties found in Chapter 752, Subchapter C of the Texas Government Code.

Each local unit of government, and institution of higher education that operates a law enforcement agency, must download, complete and then upload into eGrants the [CEO/Law Enforcement Certifications and Assurances Form](#) certifying compliance with federal and state immigration enforcement requirements. This Form is required for each application submitted to OOG and is active until August 31, 2021 or the end of the grant period, whichever is later.

Overall Certification

Each applicant agency must certify to the specific requirements detailed above as well as to comply with all requirements within the PSO Funding Announcement, the *Guide to Grants*, the *Grantee Conditions and Responsibilities*, any authorizing or applicable state and federal statutes and regulations to be eligible for this program.

X I certify to all of the application content and requirements.

Project Summary :

Briefly summarize the project, including proposed activities and intended impact.

The El Paso Police Department will identify and target areas of criminal activity in support of the Local Border Security Program. Officers will target criminal activity involving money, weapons, ammunition, automobile crimes, gangs, narcotics, and wanted subjects. Enhanced operations will include, but are not limited to patrol, surveillance, gang & fugitive roundups, counter auto theft measures and/or Joint Task Force Operations with local and federal agencies. The collaborative effort will assist in the suppression of criminal activities and reduce crime along the border region area.

Problem Statement :

Provide a detailed account of the issues, threats or hazards that your project will target. For federal Homeland Security Grants, include specific references to the regional or state *Threat and Hazard Identification and Risk Assessment (THIRA)*, as applicable.

El Paso, Texas is directly across the Mexican border of Ciudad (Cd.) Juarez, Chihuahua, Mexico, which has a population of over 1.3 million inhabitants (Source: State of Chihuahua CIES). The El Paso-Ciudad Juarez community is the largest metropolitan area on the border between the United States and Mexico. The metropolitan area has a combined population of approximately 2.2 million inhabitants (Source: U.S. Census Bureau and State of Chihuahua CIES). The large amount of inhabitants affords criminal organizations an exclusive opportunity to illegally profit from criminal activities along the Texas border region of El Paso-Ciudad Juarez. The ongoing territorial drug war between Mexican rival cartels within the large metropolitan area of Ciudad Juarez has decreased since January 2011. As the Mexican cartel turf war is subsiding, Drug Traffic Organization's (DTO's), which are often composed of a combination of the Mexican cartels and Transnational Gangs are organizing themselves, gaining strength in numbers, and building their criminal enterprises. Although, the current number of homicides show an overall decrease from the year 2011, homicides occur on a daily basis in Ciudad Juarez and have been steadily increasing over the last five years. The ongoing violence in Ciudad Juarez continues to pose an immediate threat of a spillover into the City and County of El Paso, Texas. The reorganization of the criminal enterprises allows criminal organizations an opportunity to obtain illegal proceeds from criminal activities attributed to illegal drug trafficking, human trafficking, auto thefts, and the illegal exportation of currency and weapons into Mexico from El Paso, Texas. Enhanced operations by the El Paso Police Department are essential to combat and deter the criminal activities attributed to criminal organizations operating within the El Paso-Ciudad Juarez border region.

Existing Capability Levels :

Describe the existing capability levels, including resources that are currently in place to support this project prior to the use of grant funds.

Currently, the FY2020 Local Border Security Program Grant funds police personnel on an overtime basis to target criminal activities involving money, weapons, ammunition, automobile crimes, gangs, narcotics, wanted subjects and other criminal activities along the El Paso, Texas border region. Enhanced operations include, but are not limited to patrol, surveillance, gang/fugitive roundups, counter auto theft measures and/or Joint Task Force Operations with other Local & Federal Agencies, in the suppression of criminal activities to enhance border security. Operational times and personnel working each assignment are conditional upon availability of staffing and grant funding.

Capability Gaps:

Describe the capability gaps which will be addressed by the project. For federal Homeland Security Grants, include specific references to the regional or statewide State Preparedness Report (SPR).

The El Paso Police Department's current staffing does not allow for sustained border security operations within the border region area and this creates a capability gap. The Local Border Security Program has allowed the department to narrow the capability gap and take a proactive approach to address criminal activities that are often related to the existence of criminal organizations of Mexican Cartels and Transnational Tier-1 & Tier-2 gangs that operate on both sides of the El Paso-Ciudad Juarez border.

Impact Statement :

Describe the project goals/objectives and how this project will maintain capabilities or reduce capability gaps.

The project goal is to maintain enhanced operations that specifically target criminal activities in support of the Local Border Security Program. Operations will continue to address the criminal enterprises of Mexican Cartels and Transnational Gangs that pose harm to the local population of Texans and visitors of El Paso, Texas. It will also continue to enhance border security and reduce crime along the border region area.

Homeland Security Priority Actions:

Identify the Texas Homeland Security Priority Action most closely aligned with this project. Each Priority Action is linked with an *Objective from the Texas Homeland Security Strategic Plan (HSSP)*. List the Priority Action by number and text (e.g. 1.2.3 *Expand and enhance the network of human sources that can provide detailed and relevant information on known or suspected terrorist and criminal enterprises.*)

1.3.2 Conduct and support integrated multi-agency, multi-jurisdictional investigations to disrupt and dismantle criminal organizations operating in the Texas border region.

Target Group :

Identify the target group and population expected to benefit from this project.

Local, State, and Federal Law Enforcement Agencies, to include the population of citizens that reside within the City and County of El Paso, Texas.

Long-Term Approach:

Describe how the applicant agency will maintain the capabilities supported by this project without additional federal or state funds. If sustainment is dependent upon federal or state grants, describe the ongoing need for future grants, as applicable.

Without the continued support of the Local Border Security Program (LBSP) grant funding, the El Paso Police Department will not be able to sustain long-term enhanced operations of targeting criminal organizations that operate within the Texas border region. The proactive approach that is currently supported by LBSP grant funding, will then turn into a reactive approach, and will place all Texans at risk, because of the vulnerabilities associated with the lack of funding.

Project Activities Information**Introduction**

This section contains questions about your project. It is very important for applicants to review their funding announcement for guidance on how to fill out this section. Unless otherwise specified, answers should be about the EXPECTED activities to occur during the project period.
