Re: HGAC #HT06-16 – 2017-889 Purchase of one (1) 2017 Ford 550 Diesel Chassis XL 4x4 SD Regular Cab with Versalift Aerial Platform Body and Equipment

The Streets & Maintenance Department recommend authorizing the Purchasing Director to utilize HGAC #HT06-16 for the procurement of one (1) 2017 Ford 550 Diesel Chassis XL 4x4 SD Regular Cab with Versalift Aerial Platform Body and Equipment totaling \$127,066 from Chastang Enterprises dba Chastang Ford.

The following are the factors used to evaluate the use of this procurement program as the best approach:

***1. Is there an urgent need for the product/service? In other words, is time of the essence?***

Yes, the current fleet of trucks is aging and repairs are occurring more frequently. This new truck will be used for continual upkeep of City streetlights to ensure that they are operational at all times and will add to the functional availability when others trucks are being repaired.

***2. Does the purchase through the Program promote the standardization of equipment?***

Yes, this purchase supports a vehicle standard supported by the Streets and Maintenance Department.

### ***3. Does the purchase through the Program support local business? If not, is there a comparable product/service available locally?***

Yes, the purchase through this program will indirectly support local business as all warranty and non-warranty issues with the vehicle will be handled through local vendors.

### ***4. Do the available vendors have prior work experience and/or familiarity with the City?***

Yes, the City has purchased other vehicles from this vendor in the past.

### ***5. Is the pricing reasonable as compared to other similar products/work performed for the City of El Paso in the past or as quoted from other companies?***

Price reasonableness has been established because the cooperative purchasing agency used a competitive bidding process in the awarding of the contract.

Item	HGAC HT06-16	Ford.com
2017 Ford F550 (Base)	\$33,398.00	\$38,665.00

### ***6. Is the proposed vendor on the City's wage theft data base?***

No.

### MEDIUM AND HEAVY TRUCKS & TRUCK BODIES - HT06-16

Contract No.: HT06-16

Effective Date: June 1, 2016 to May 31, 2018

These are complete, turn-key chassis, equipped with current EPA threshold compliant engines/emissions, and consistent with the components and performance of II-GAC specification configuration, [as viewed on this link](#):

For each Base Unit cab-chassis priced in the table, below, other than those options/upgrades called for by an HGAC member (alternate engine, transmission, wheelbase, body, etc), no additional, compulsory equipment or fees are required to render these cab-chassis as functioning, legally-equipped machines meeting those minimums established for each model's base configuration. Unless otherwise noted in the descriptions below, the Base Unit prices below include any emission surcharges and standard factory-to-dealer freight. Freight from dealers to HGAC members (or from dealer to conversion company) shall be recognized as a separate PO line item, unique to end user. Vendors priced various chassis manufacturer options from which HGAC members may build alternative configurations. Contact vendors for a complete quote relative to this contract.

Note: Contact information on the right side bar will be listed only after the Contractor has fully executed their contract.
