BACKGROUND / DISCUSSION:

The Strategic National Stockpile (SNS) is a national supply of medications and medical supplies to be used for emergency situations such as a pandemic, bioterrorism attack or natural disaster. Within 12 to 24 hours of the Federal decision to deploy, the U.S. Centers for Disease Control and Prevention (CDC) can deploy a large shipment from the SNS, known as 'push-pack', anywhere in the United States or its territories, to supplement and re-supply state and local health and medical resources.

State and local health agencies must have plans in place to receive shipments from the SNS and distribute their contents to the community quickly and efficiently. Collaboration between the City of El Paso Department of Public Health, school districts, and the private sector is a crucial part of these plans.

Partnering with organizations to dispense medications provides many benefits to the community:

- Helps achieve community-wide immunization and treatment dispensing goal more rapidly

This Interlocal Agreement (“Agreement”) is entered into between the San Elizario Independent School District (“SAN ELIZARIO ISD”), and the City of El Paso (“City”) a home rule Texas municipality. The SAN ELIZARIO ISD is an independent school district organized under the Texas Education Code, Chapter 11.

WHEREAS, the Texas Interlocal Cooperation Act, V.T.C.A., Government Code, §791.001, *et seq.* allows local governments and political subdivisions of the state to contract among each other for governmental functions and services, including all or part of a function in the area of public health and welfare; and

WHEREAS, under a grant from the Texas Department of State Health Services (“DSHS”), the City is required to plan and prepare for a public health emergency that may result from natural or man-made causes; and

WHEREAS, during such an emergency, it may be necessary to immunize or treat all or large numbers of people in the area served by the City and SAN ELIZARIO ISD; and

WHEREAS, prior public health experience with mass immunizations has shown that schools are well suited to this activity due to their location within the community and the facilities available to the schools; and

WHEREAS, it would benefit the residents of SAN ELIZARIO ISD and the students enrolled in SAN ELIZARIO ISD schools, as well as residents of the City.

NOW THEREFORE, in consideration of the mutual promises, covenants and conditions expressed hereinafter, be it known that the City and SAN ELIZARIO ISD hereby enter into this Agreement as follows:

To assist in effectively responding to declarations by the Texas Department of State Health Services or the local health authority that large scale immunization or treatment is necessary as a control measure for an outbreak of communicable disease (“Emergency Event”), SAN ELIZARIO ISD agrees to provide access to its facilities to the City as necessary to immunize or treat members of the public in response to a public health emergency. The City and SAN ELIZARIO ISD agree to the terms, conditions, and responsibilities expressed in this Agreement.

The local health authority will provide written assurance of a school facility's safety for its use as a school after the Emergency Event has ended.
4. Nothing within the terms of this Agreement shall require the City to purchase additional equipment or hire additional personnel in order to comply with the terms of this Agreement.

III. OBLIGATIONS OF SAN ELIZARIO ISD

1. SAN ELIZARIO ISD is responsible for allowing the use of its facilities, subject to availability, for the Emergency Event, and the use of all utilities (gas, electric, water, and telecommunications) normally associated with a facility's use.
2. SAN ELIZARIO ISD is responsible for providing use of all rooms, fixtures, and equipment existing at a facility that the City regards as necessary for on-site use during the period of the Emergency Event.
