## **MEMORANDUM**

**DATE:** March 23, 2017

**TO:** The Honorable Mayor and City Council  
Tommy Gonzalez, City Manager

**FROM:** Andrew Salloum, Planner

**SUBJECT:** PZRZ17-00001

---

The City Plan Commission (CPC) on March 9, 2017, voted 4-3 to recommend **DENIAL** of rezoning the subject property from R-F (Ranch and Farm) to R-1 (Residential) in order to allow for residential development.

The CPC found that the rezoning is not in conformance with Plan El Paso. The CPC also determined that the rezoning does not protect the best interest, health, safety and welfare of the public in general; that the proposed use is not compatible with adjacent land uses; and, that the rezoning will have a negative effects on the natural environment, social economic conditions, and property values in the vicinity and the city as a whole.

The Planning Division received 5 phone calls, 4 letters, and a petition with 31 signatures in opposition to the rezoning request.

Three residents and the president of Holmsley Trial Neighborhood Association attended the CPC hearing and spoke against the rezoning request.

The president of Mission Valley Civic Association attended the CPC hearing and spoke in support of the rezoning request.

The property owner filed an appeal letter to City Council.

This case is a 211 and will require a supermajority vote of City Council for approval of the rezoning request.

**APPEAL TO THE CITY COUNCIL**

CITY CLERK DEPT.

2017 MAR 13 AM 9:35

DATE: 13<sup>th</sup> MAR 2017

HONORABLE MAYOR AND CITY COUNCIL  
CITY OF EL PASO, TEXAS

DEAR MAYOR AND COUNCIL:

After a public hearing held on March 9<sup>th</sup>, 2017, the  
CPC denied my request for

Rezoning to R-1 From Ranch Farm

legally described as:

Tract 5, Block 6, Ysleta Grant  
city of El Paso, El Paso County, TX

I hereby request the City Council to review the decision of the CPC

AND CONSIDER MY REQUEST

SET OUT ABOVE. I AM ATTACHING A LETTER SETTING FORTH MY  
REASONS FOR BELIEVING THEIR DECISION TO BE IN ERROR.

Patricia Quinn  
APPLICANT

8659 Holmsley Trail  
ADDRESS

915-491-3634  
TELEPHONE NUMBER

Two (2) copies filed in City Clerk's Office on: \_\_\_\_\_

Honorable Mayor and City Council,  
City of El Paso, Texas

Subject: Appeal to change the CPC decision to deny Rezoning from Ranch-Farm to R-1

On Thursday March 9, 2017, subject rezoning was denied by the City Planning Commission. I hereby appeal said decision. I think the CPC made a mistake on subject decision for the following reasons:

- A) Subect rezoning would create half acre lots (20,000 sf minimum). Not a multitude of regular City lots. This idea was coordinated with the City Planning Department.
- B) The City Planning Department recommended approval.
- C) As it is, the land is used as a public dumping site. I am constantly cleaning the area.
- D) The neighbors use it to ride their horses and their ATV's. I have photos to prove it.
- E) If the City allows this development, the property value of the neighborhood shall go up.
- F) I pay the mortgage and taxes, so I do not feel is fair to let the neighbors decide what can be done with my property.

Anticipating your help on this matter, I truly thank you.

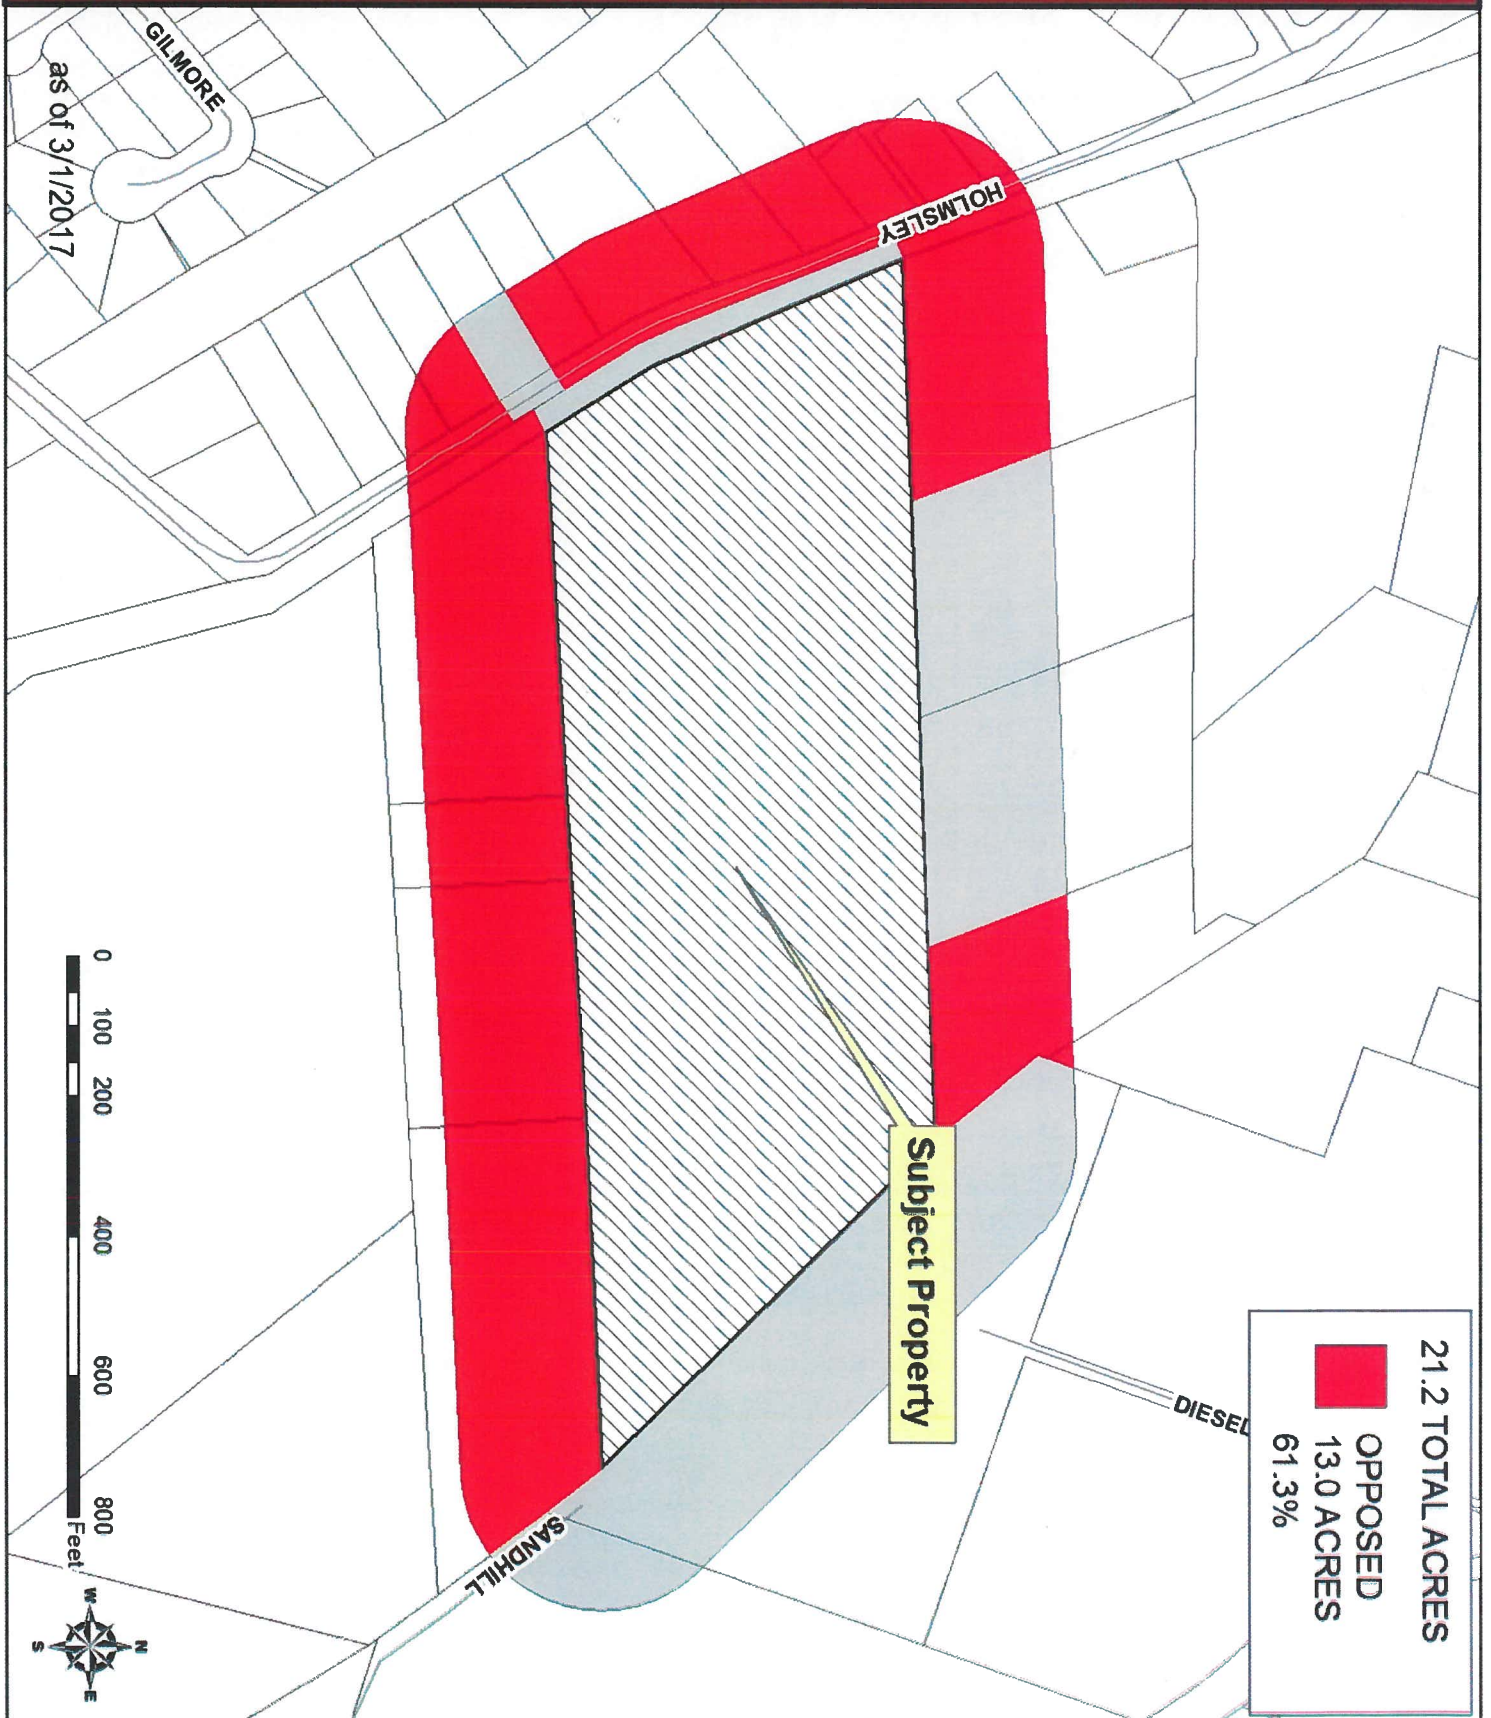

Resprctfully:

Patricia Quinn

CITY CLERK DEPT.

**NEAREST PARK:** Pecan Grove 1 Park (7,594 feet)  
**NEAREST SCHOOL:** Mission Valley Elementary and Valley View Middle (2,106 feet)

### **NEIGHBORHOOD ASSOCIATION**

Holmsley Trail Neighborhood Association

### **NEIGHBORHOOD INPUT**

Notice of a Public Hearing was mailed to all property owners within 300 feet of the subject property on February 22, 2017. The Planning Division received 5 phone calls, 4 letters, and a petition with 31 signatures in opposition to the rezoning request, see Attachment 5. This is a 211 case that will require the affirmative vote of at least three-fourths of City Council.

### **CASE HISTORY**

On June 18, 2009, City Plan Commission recommended denial of rezoning the property from R-F (Ranch and Farm) to R-3A (Residential) to allow for 89 single-family residential lots. The applicant filed an appeal to City Council. On August 18, 2009, City Council denied the appeal.

### **APPLICATION DESCRIPTION**

The applicant is requesting to rezone the subject property from R-F (Ranch and Farm) to R-1 (Residential) in order to allow for residential development. The subject property is 16.098 acres in size. The conceptual site plan shows 23 single-family residential lots. Access to the subject property is provided from Holmsley Trail.

## **PLANNING DIVISION RECOMMENDATION**

The Planning Division recommends **approval** of rezoning the subject property from R-F (Ranch and Farm) to R-1 (Residential). The recommendation is based on the compatibility with surrounding residential districts and uses within the area of the subject property and the compliance with Plan El Paso Land Use designation, G-3, Post-War and Mission Valley Planning Area.

### **Plan El Paso- Future Land Use Map Designation**

All applications for rezoning shall demonstrate compliance with the following criteria:

G-3, Post-War: This sector applies to transitional neighborhoods typically developed from the 1950s through the 1980s. Streets were laid out with curvilinear patterns without alleys and shopping centers are located at major intersections behind large parking lots. This sector is generally stable but would benefit from strategic suburban retrofits to supplement the limited housing stock and add missing civic and commercial uses.

*The Planning Division recommendation is based on the compatibility with the G-3, Post-War land use designation through the addition of missing residential uses provided to surrounding neighborhoods within the area of the existing vacant lots and reducing travel and infrastructure needs.*

The purpose of the R-1 (Residential) district is to promote and preserve residential development within the city to create basic neighborhood units. It is intended that the district regulations maintain a low density of dwelling units supporting a suburban-urban interface that permits developments utilizing varying lot configurations. The regulations of the districts will permit primarily single-family and two-family residential areas, and recreational and institutional uses incidental to and serving the neighborhood.

*The Planning Division recommendation is based on the compliance with the purpose of the R-1 district in which the proposed development is offering opportunities for increased housing for residents in the area while preserving a low density of dwelling units.*

### **Plan El Paso - Goals & Policies**

Goal 2.2: The City of El Paso should change its growth pattern away from homogeneous land uses and return to a pattern of compact well-connected mixed-use neighborhoods.

Policy 2.2.2. "The design of new neighborhoods and additions to existing neighborhoods should strive for a mix of housing types to create neighborhoods that accommodate diverse ages and incomes and allow residents to trade up, downsize, or create multi-generational households without being forced to leave the neighborhood. Housing types include both small and large single-family detached homes, duplexes, townhouses, multi-family buildings, live-work units, and accessory dwelling units, and include both rental apartments and units that can be owned by their occupants."

*The Planning Division recommendation is based on the proposed redevelopment of a vacant site and increased housing opportunities for residents in the area.*

## **COMMENTS:**

### **Planning and Inspections Department - Planning Division - Transportation**

No objections to the rezoning.

Note:

All existing and/or proposed paths of travel (accessible sidewalks, wheelchair access curb ramps and driveways) located within public rights-of-way shall follow the City of El Paso Design Standards for Construction and be ADA/TAS compliant.

### **TXDOT**

The subject property is not Abutting TxDOT right of way.

### **Planning and Inspections Department – Building and Development Permitting**

Recommend approval of rezoning.

However, as shown on conceptual plans, some of the lots will not meet the minimum lot depth required for an R-1 zone, and due to the required front, rear and cumulative setbacks, homes will be limited to a 24 foot deep building pad.

Note: At the time of submittal for permits each phase will be required to comply with all applicable provisions of the IBC, TAS and local municipal code.

### **Planning and Inspections Department - Land Development**

1. All storm water runoff shall be addressed within the subdivision's limits in compliance with all provisions of (DSC, 19.19.010A) and (DDM, 11.1).
2. Show proposed runoff for on-site-ponding. Show typical street cross section with header curb. Show typical lot runoff.
3. Water improvement district #1 is required for access and drainage requirements.
4. Define if lots will retain water rights easements.
5. Approval of the site plans by CPC constitutes a determination that the applicant is in compliance with the minimum provisions. Applicant is responsible for the adequacy of such plans, insuring that stormwater is in compliance with ordinances, codes, DSC, and DDM. Failure to comply may require the applicant to seek re-approval of the site plans from CPC.

### **Fire Department**

Recommend approval.

### **Police Department**

Mrs. Pat Rainer lives adjacent to this site and has called the EPPD in the past to report people trespassing onto this property is opposed to the development of this land. Mrs. Rainer claims to have secured signatures from neighbors who also oppose the development. I have no other comments on this matter.

### **Sun Metro**

Sun Metro does not oppose this request.

### **El Paso Water**

1. El Paso Water Utilities (EPWU) Right-of-way/Easement needs to be dedicated to accommodate the relocation of an existing 12" sewer main.

Water

2. There is an existing 6-inch diameter water main that extends along Holmsley Trail. This main is available for main extensions. Two 8-inch diameter water mains are to be extended to create a looped system.
3. Previous water pressure from fire hydrant #3456 located at the 8638 Holmsley Tray and 850' east, south side of Arboleda Drive yield a static pressure of 108 (psi), a residual pressure of 92 (psi), and a discharge of 919 gallons per minute.

4. The owner should, for his own protection and at his own expense shall install at the discharge side of each water meter a pressure regulator, strainer and relief valve, to be set for pressure as desired by the customer. The Lot owner shall be responsible for the operation and maintenance of the water pressure regulator device.

Sanitary Sewer

5. Sanitary sewer service is critical.

6. There is an existing 8-inch diameter sanitary sewer main along Holmsley Trail. This main is available for main extensions.

7. There is an existing 12-inch diameter sanitary sewer main along a 20' PSB easement located north of and parallel of the south property line. This main shall be relocated to the proposed streets.

General

8. Water and sewer main extensions will be required along the dedicated Streets. Water main extension are to create a looped system. Owner is responsible for all main extensions costs.

9. All easements dedicated for public water and sanitary sewer facilities shall comply with the EPWU-PSB Easement Policy. No building, reservoir, structure, parking stalls or other improvement, other than asphaltic

paving (HMAC), shall be constructed or maintained on the above referenced EPWU-PSB easement without the written consent of EPWU-PSB. The Developer shall refrain from constructing rock walls, signs, buildings, curbs or any structure that will interfere with the access to the PSB easements. There shall be at least 5-foot setback from the easement line to any building, sign or structure. The PSB easements shall be improved to allow the operation of EPWU maintenance vehicles. EPWU-PSB requires access to the proposed water, sanitary sewer facilities, appurtenances, and meters within the easement 24 hours a day, seven (7) days a week.

10. Permits from The El Paso County Water Improvement District 1 (EPWID1) will be required to cross the Juan De Herrera Lateral with water and sewer extensions.

11. Application for water and sanitary sewer services should be made 6 to 8 weeks prior to construction to ensure water for construction work. New service applications are available at 1154 Hawkins, 3rd Floor. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

#### **El Paso Water - Stormwater Engineering Division**

1. Provide an acceptable Stormwater Management plan in accordance with Section 19.19.030 of the current subdivision ordinance.
2. Show existing and proposed drainage flow patterns on the Preliminary Plat and identify the discharge location for all stormwater runoff; EPW - Stormwater Engineering requires retention of all developed stormwater runoff within this subdivision.
3. At the improvement plan stage, provide protection to the property from all offsite stormwater runoff that may have an adverse impact on any improvements.

**From:** Julia Atienzo <atienzojulia@yahoo.com>  
**Sent:** Thursday, February 23, 2017 9:46 AM  
**To:** Salloum, Andrew M.  
**Subject:** Concern Neighbor

To: Andrew Salloum

My name is Julia Atienzo and I live at 8640 Arboleda 79907. I'm very concern about this arrangements that this department are planning to do to our neighborhood at zoning 8659 Holmsley Trail FR to R1. I have live in this neighborhood scenes 1977 it has been a very quiet and friendly neighborhood. The neighbors have change through the time sense then. I'm stating that people living in this neighborhood had become elderly and take care of themselves by walking peacefully and even taking their grandchildren with them for walks around the neighborhood. I as an adult I see adults and young people do their exercise in all time of the day. I say this because before going to work I see neighbors running or working out on their bicycles for marathons. Also, I see young people playing outside and enjoying their neighborhood. What else can I say about this respectable neighborhood, that there are a join community which also religion is involved off course respecting each other's religion. Let me inform you that certain days of the week in the afternoons I see people praying with the image of the Virgin Mary and praying the rosary walking around all this area. "This is what a striking community should be and it is." If your department approve this changes then lives from many people living in this area will definitely change. There will be no peace and the traffic will definitely change and drastically accidents will be occurring when this area has not have car accidents in the past. I'm pleading your department to please do not make this changes our neighborhood is an exceptional area to live.

Thank you,  
Julia Atienzo

**Subject:** Rezoning of 8659 Holmsley Trail

My name is Eydie Copeland and I reside at 8653 Holmsley which is at the back and to the right of the property in question. I have lived her for 40 years. Holmsley trail can not handle any more traffic than it does now. This is a farm and ranch community and it needs to stay this way. I have tried to purchase this property several times to no avail. I have a non-profit Therapeutic horsemanship facility on my property now and this property would be better suited for something that is still considered farm and ranch. My facility helps people with disabilities and helps soldiers with PTSD and their families. I am pleading with you not to change the zoning of this property and let us keep our little horse community just that.

To Whom it may Concern,

My name is Noel Gomez and I reside at 8651 Holmsley Trail and have lived there for approx. 8 years now with my wife and two children, 8 and 4. I am writing to you about the future rezone of R-F to R-1 respectively. My position on this is I oppose this proposal simply because this is Farm Land and is not suitable for residential land. We do not have the infrastructure in place to accommodate more traffic and roads are not wide enough as well.

Please respect my opposition as such. Thank you

**Subject:** Rezoning 8659 Holmsley Trail from RF to R1  
**Attachments:** Holmsley Trail Neighborhood Association Petition against rezoning.pdf

Good Morning Mr Salloum,

My name is Pat Rainer and the President of the Holmsley Trail Neighborhood Association. I am including some documents that would be of interest in the rezoning of 8659 from RF to R1. More will follow from other portion of this area that is also against the rezoning of this property. As you can see from the petition and the conceptual plan that all the property owners surrounding 8659 Holmsley Trail is against the rezoning. Also, all property owners on Holmsley Trail is also against it. Please keep us informed of the progress of the incoming reports from the Police, Fire Department, and Engineering Department.. If you need to contact me, please call me at 915 449-4612 or email me

Thank you,

Pat Rainer

Hello and happy holidays!

As my family gathered for Christmas, we decided we all want to make El Paso our home and what a lovelier place than the property we own on Holmsley Trail. My brothers and sisters and their families, my mom and dad and my family will be living on property. I understand there has been issues in the past with people dumping on property and weekend drinking gatherings but that all will stop when my family moves in as we will be there to protect our property. We hope to have your blessing as we are all excited to be moving in. God Bless

Patricia Quinn

Good Morning Patricia,  
Would you please give me a phone call at 915 449-4612 since I don't have you number. I would like to discuss the issues we are having with the your piece of land at 8659 Holmsley Trail. Please call me at your convenience.

Thank you,

Pat Rainer
