Resolution to designate 10 offset angled parking spaces on the west side of Rosewood Street at the addresses of 701, 703, and 709 Rosewood Street.

BACKGROUND / DISCUSSION:

The Department of Transportation received a letter from the property owner December 30, 2014 requesting offset angled parking at 701, 703 and 709 Rosewood Street in order to create more parking for the business. Rosewood does not carry more than 4000 vehicles per day, nor more than 500 vehicles per hour for any consecutive three hours of an average day; adequate provision has been made for the free and unobstructed passage of pedestrian traffic in accordance with municipal code 12.44.050. It is therefore recommended by the Department of Transportation to authorize 10 offset angled parking spaces for public use.

RE: Angle Parking Request

Dear Mr. Marquez:

By means of this letter and thru your office I am requesting an angle parking at my location 701,703, and 709 Rosewood Street.

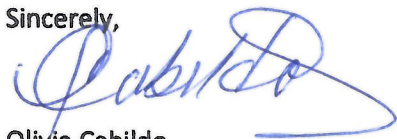

My request is presented to you for the following reason:
There is not enough parking area for my business inside the property

I understand that I have to cover all the expenses, including cost of labor and materials. If my request is granted the parking will become public and not for private use.

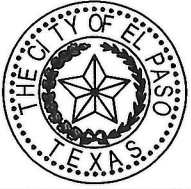

I am the owner of this project.

Thank you for any consideration to my request.

Sincerely,

Olivia Cabildo
Owner
