SUBJECT:

Award bid 2011-219 for Chihuahuita Park Improvements to Desert Pacific Construction for a total amount of \$149,344.00.

BACKGROUND / DISCUSSION:

The objective of the Chihuahuita Park Improvements project consists of providing site improvements, landscaping, area lighting and new sidewalk(s) for the citizens of the City of El Paso. The improvements are located at 417 Charles St. in the south side of El Paso.

The contractor's work consists of installing a concrete slab, picnic units, new trees and shrubs with complete drip irrigation system, new 5 ft wide ADA compliant sidewalk, a wrought iron railing complete with footing, and a wrought iron screening fence on new rock wall with concrete cap. Remove existing sidewalk, existing chain link fence with footing and the existing chain link fencing (24 ft +/-). Provide site lighting and canopy lighting including installation of a panel board, lighting contactor with photocell timer, direct buried concrete light poles and luminaries, canopy luminaries, conduit, cable, pullboxes and all accessories for a complete illumination installation. Modify the existing irrigation system to accept the new improvements. Re-sod areas of existing sod that are disturbed by the construction. Metal canopy and canopy will be installed by others. Contractor shall refer to the project plans and specifications for further information.

This is a low bid, unit-price contract.

CHIHUAHUITA PARK IMPROVEMENTS

Solicitation No. 2011-219

SCOPE OF WORK

OBJECTIVE

The objective of the Chihuahuita Park Improvements project consists of providing site improvements, landscaping, area lighting and new sidewalk(s) for the citizens of the City of El Paso. The improvements are located at 417 Charles St. in the south side of El Paso.

BASE BID

The contractor's work consists of installing a concrete slab that will support a 60 ft x 40 ft metal shade canopy (footings for canopy and metal shade canopy will be provided and installed by others, contractor is to coordinate with canopy and footings contractor for installation schedule). Contractor shall install (installation only) six (6) picnic units (picnic units provided by others) at site of old playground. Remove existing sidewalk around the site where old playground area was and install new 5 ft wide ADA compliant sidewalk. Provide site lighting and canopy lighting including installation of a panel board, lighting contactor with photocell timer, eight (8) direct buried concrete light poles and luminaries, canopy luminaries, conduit, cable, pullboxes and all accessories for a complete illumination installation. Install fifteen (15) new trees and seventy-five (75) shrubs complete with a drip irrigation system. Remove existing chain link fence and footing located between the railroad tracks and the basketball/handball courts and also remove the existing chain link fencing (24 ft +/-) located at southerly boundary of park. Install a wrought iron railing complete with footing on the northeasterly three sides of hexagonal shaped canopy. Install a wrought iron screening fence on new rock wall with concrete cap that is located between the railroad tracks and the basketball/ handball courts and also along the 24 ft +/- southerly boundary line of park. Modify the existing irrigation system to accept the new improvements. Re-sod areas of existing sod that are disturbed by the construction. Metal canopy and canopy will be installed by others.

The project will be accomplished as shown above or as approved by the City of El Paso Engineering Department. All work shall begin at Notice to Proceed and must be completed within the indicated time frame.

Prior to commencement of any work, contractor should submit and obtain approval from El Paso Engineering Department for the Sequence of Construction, Schedule of Work, and Haul/Waste Route to an approved disposal site. Contractor shall provide written approved documentation from the owner or operator of the waste site.

The description of this scope of work, as shown above, is only a general overview of this project. Contractor shall refer to the project plans and specifications for further information.

This is a Unit Price Project.
