

CITY OF EL PASO, TEXAS
AGENDA ITEM DEPARTMENT HEAD'S SUMMARY FORM

DEPARTMENT: Streets and Maintenance – Fleet Division
AGENDA DATE: July 14, 2015
CONTACT PERSON/PHONE: Ted Marquez, Director, (915) 212-7015
Bruce D. Collins, Purchasing Director, (915) 212-1180
DISTRICT (S) AFFECTED: All

STRATEGIC GOAL: No. 8: Nurture and Promote a Healthy, Sustainable Community

SUBJECT:

The Streets & Maintenance – Fleet Division is requesting to issue a Purchase Order to Chastang Enterprises dba Chastang Ford, a contractor under Houston-Galveston Area Council Cooperative (HGAC), Contract #HT06-14 for the purchase of three (3) 2016 Autocar ACX64 (Diesel) engines suitable for automated side loader (ASL) refuse bodies for a total amount of \$ 501,312.00. These trucks will be used by the Environmental Services Department for refuse collection services.

BACKGROUND / DISCUSSION:

The Streets and Maintenance Department and the Environmental Services Department are recommending the above purchase. The approval of this purchase will allow for the replacement of Automated Side (ASL) Loader Refuse Trucks that have met their life expectancy. The new ASL vehicles will operate more efficiently, more environmentally-friendly, and at a lower cost to the city.

ESD and SAM would like to standardize the ASL fleet to help improve maintenance operations. ASL's are a specialized vehicle that are maintenance intensive resulting in both Departments wanting to simplify maintenance operations and contract administration by going with one chassis and body combination for ASL's designated for regular trash pickup and recycle pickup. The basis for this standardization is the highest percentage of existing fleet that we have in our inventory of the two types of ASL bodies.

PRIOR COUNCIL ACTION:

Yes. Council previously approved a similar purchase on December 9, 2014 Items 13.2.1 and 13.2.2.

SELECTION SUMMARY:

N/A

AMOUNT AND SOURCE OF FUNDING:

Department: Environmental Services Department
Total Amount \$501,312.00

ESD recommends utilizing HGAC Contract HT06-14 to issue a purchase order to Chastang Enterprises for the purchase of three (3) Autocar ACX64 (diesel) chassis in the amount of \$501,312.00.

1. *Is there an urgent need for the product/service? In other words, is time of the essence?*

Existing vehicles are old, fully depreciated, and have met expected useful life of service. Due to age of the vehicles, it is not cost effective to continue increasing maintenance cost, and the availability/reliability of the vehicle is poor.

2. *Does the purchase through the Program promote the standardization of equipment?*

Yes, this purchase continues a vehicle standard for ESD collection vehicles.

3. *Does the purchase through the Program support local business? If not, is there a comparable product/service available locally?*

Yes. Chastang Enterprises subcontracts a local vendor, Border International,

4. *Do the available vendors have prior work experience and/or familiarity with the City?*

Yes, ESD has purchased other solid waste vehicles from this vendor on several occasions.

5. *Is the pricing reasonable as compared to other similar products/work performed for the City of El Paso in the past or as quoted from other companies?*

Price reasonableness has been established because the cooperative purchasing agency used a competitive bidding process in the awarding of the contract.

MEDIUM & HEAVY TRUCKS & TRUCK BODIES

Contract No.: HT06-14

Effective Date: June 1, 2014 to May 31, 2016

These are complete, legal, turn-key chassis, equipped with EPA 2010 threshold compliant engines/emissions, and consistent with the components and performance of H-GAC specification configuration, [as viewed on this link](#):

For each Base Unit cab-chassis priced in the table, below, other than those options/upgrades called for by an HGAC member (alternate engine, transmission, wheelbase, body, etc), no additional, compulsory equipment or fees are required to render these cab-chassis as functioning, legally-equipped machines meeting those minimums established for each model's base configuration. Unless otherwise noted in the descriptions below, the Base Unit prices below include any emission surcharges and standard factory-to-dealer freight. Freight from dealers to HGAC members (or from dealer to conversion company) shall be recognized as a separate PO line item, unique to end user. Vendors priced various chassis manufacturer options from which HGAC members may build alternative configurations. Contact vendors for a complete quote relative to this contact.

NOTE: The HGACBuy Order Processing Charge for plain chassis is \$600.00 and if body is included, it is \$1000.00.
