STRATEGIC GOAL: #3 Promote the Visual Image of El Paso

SUBGOAL: 3.1 Provide business friendly permitting and inspection processes
3.2 Improve the visual impression of the community

SUBJECT:

An ordinance changing the zoning of portion of Tract 4G, Nellie D. Mundy Survey 240, City of El Paso, El Paso County, Texas from C-4/c (Commercial/conditions) to R-3A/c (Residential/conditions). The penalty is as provided for in Chapter 20.24 of the El Paso City Code.

The proposed rezoning meets the intent of the adjacent Future Land Use designation south of the property and is in accordance with *Plan El Paso*, the City's Comprehensive Plan.

Subject Property: East of Resler Dr. and South of Woodrow Bean Transmountain Rd.
Applicant: CSA Design Group, Inc. c/o Adrian Holguin-Ontiveros PZRZ20-00023

BACKGROUND / DISCUSSION:

The applicant is proposing a rezoning from C-4/c (Commercial/conditions) to R-3A/c (Residential/conditions) to match the current zoning of the adjacent properties to the south and to allow for single-family dwelling development. City Plan Commission recommended 5-0 to approve the proposed PZRZ20-00023 on November 12, 2020. As of November 30, 2020, staff has received no communication in support/opposition of the request. PROPERTY OWNER:	Plexxar Capital, LTD
REPRESENTATIVE:	CSA Design Group, Inc. c/o Adrian Holguin-Ontiveros
LOCATION:	East of Resler Dr. and South of Woodrow Bean Transmountain Rd. (District 1)
PROPERTY AREA:	0.134 acres
REQUEST:	Rezone from C-4/c (Commercial/conditions) to R-3A/c (Residential/conditions)
RELATED APPLICATIONS:	SUSU20-00075 (Major Combination)
PUBLIC INPUT:	None as of November 5, 2020

SUMMARY OF REQUEST: The request is to rezone the subject property from C-4/c (Commercial/conditions) to R-3A/c (Residential/conditions) to match the existing zoning of the adjacent properties to the south.

STAFF RECOMMENDATION: Staff recommends **APPROVAL** of the rezoning request. The proposed property is consistent with adjacent residential properties within its vicinity. Furthermore, the proposed residential zone is compatible with the adjacent G-4, Suburban (Walkable) Future Land Use Designation to the south and is in keeping with the policies of *Plan El Paso* in the Northwest Planning Area.

Figure A. Subject Property & Immediate Surroundings

DESCRIPTION OF REQUEST: The applicant proposes to rezone the subject property from C-4/c (Commercial/conditions) to R-3A/c (Residential/conditions) to match the current zoning of the adjacent properties to the South and to allow for single-family dwelling development. The generalized plot plan shows the subject property being combined to four (4) residential lots in a proposed residential subdivision. Single-family dwelling development shall comply with the R-3A (Residential) district requirements. The proposed development is subject to a condition but would not apply once it has been rezoned to residential and combined with adjacent properties to the south. Ordinance No. 15708, approved on March 2, 2004, imposed the following condition:

A ten (10) foot wide landscaped buffer to include, but not limited to, evergreen trees placed at fifteen (15) feet on center shall be required along any property line abutting residential or apartment zoning districts, except where abutting El Paso Natural Gas Company right-of-way, or a twenty-five (25) foot setback shall be required where abutting residential or apartment zoning districts. This shall be in addition to the landscaping requirements of the Chapter 20.65 of the El Paso Municipal Code and shall be required prior to the issuance of any building permits.

PREVIOUS CASE HISTORY: N/A

COMPATIBILITY WITH NEIGHBORHOOD CHARACTER: The property to the north, west, and east is zoned C-4 (Commercial) and is currently vacant. The properties to the south are zoned R-3A (Residential) and are currently vacant. The nearest school is Canutillo High School (0.72 miles) and the nearest park is Cimarron Park (0.55 miles).

COMPLIANCE WITH PLAN EL PASO/REZONING POLICY – When evaluating whether a proposed rezoning is in accordance with Plan El Paso, consider the following factors:	
Criteria	Does the Request Comply?
<p>Future Land Use Map: Proposed zone change is compatible with the Future Land Use designation for the property:</p> <p>G-7, Industrial: This sector applies to industrial parks, large free-standing industrial uses, refineries, non-military airfields, trucking terminals, and mines, all on large tracts in areas dominated by vehicles. This sector is essential to El Paso’s economy; however, when an industrial use becomes obsolete, there can be potential for mixed-use redevelopment of the site. This sector also includes the existing rail yards which could be redeveloped as mixed-use communities if the rail yards were moved out of town.</p>	<p>The proposed residential zone, although not compatible with the G-7 Industrial Future Land Use Designation, is compatible with the adjacent G-4, Suburban (Walkable) Future Land Use Designation. Additionally, the property will be part of a proposed residential subdivision entirely located within the G-4, Suburban (Walkable) Future Land Use Designation.</p>
<p>Compatibility with Surroundings: The proposed zoning district is compatible with those surrounding the site:</p> <p>R-3A (Residential): The purpose of this district is to promote and preserve residential development within the city to create basic neighborhood units. It is intended that the district regulations maintain a low density of dwelling units supporting a suburban-urban interface that permits developments utilizing varying lot configurations. The regulations of the districts will permit primarily single-family and two-family residential areas, and recreational and institutional uses incidental to and serving the neighborhood.</p>	<p>Yes, the proposed zone is the same as the adjacent R-3A (Residential) district to the south. The property is proposed to be combined and platted to become part of residential lots in a residential subdivision. Rezoning to R-3A (Residential) is needed to avoid the creation of any split zone properties. The proposed development is in character with the spirit of the R-3A (Residential) zone district.</p>

COMPLIANCE WITH <i>PLAN EL PASO</i>/REZONING POLICY – When evaluating whether a proposed rezoning is in accordance with <i>Plan El Paso</i>, consider the following factors:	
Preferred Development Locations: Is the property in a “Compact Urban” area?	The property is proposed to become part of a residential subdivision and fits the physical context of residential properties
THE PROPOSED ZONING DISTRICT’S EFFECT ON THE PROPERTY AND SURROUNDING PROPERTY, AFTER EVALUATING THE FOLLOWING FACTORS:	
Historic District or Special Designations & Study Area Plans: Any historic district or other special designations that may be applicable. Any adopted small areas plans, including land-use maps in those plans.	The property lies within the Hillside Development Area. It will be required to be heard by the Open Space Advisory Board (OSAB) for their recommendation prior to City Council.
Potential Adverse Effects: Potential adverse effects that might be caused by approval or denial of the requested rezoning.	The proposed rezoning, if approved, will avoid the creation of any split zone properties.
Natural Environment: Anticipated effects on the natural environment.	The subject property lies within a FEMA designated arroyo and located towards the bottom end. It will be required to be heard by the Open Space Advisory Board (OSAB) for their recommendation prior to City Council, as it lies in the Hillside Development Area.
Stability: Whether the area is stable or in transition.	The area is in transition as it is currently undeveloped and is expected to be developed into a residential subdivision.
Socioeconomic & Physical Conditions: Any changed social, economic, or physical conditions that make the existing zoning no longer suitable for the property.	None.

ADEQUACY OF PUBLIC FACILITIES, SERVICES AND INFRASTRUCTURE: The property is currently unplatted and does not have adequate public facilities, services or infrastructure. However, the property is proposed to be combined with adjacent properties to the south and be part of a residential subdivision with appropriate facilities serving the development.

SUMMARY OF DEPARTMENTAL REVIEW COMMENTS: There is a pending recommendation from the Open Space Advisory Board (OSAB). There are no other adverse comments from reviewing departments.

PUBLIC COMMENT: The property does not lie within any neighborhood associations. Public notices were mailed to property owners within 300 feet on October 29, 2020. Staff has received no communication in favor or opposition to the rezoning request as of November 5, 2020.

RELATED APPLICATIONS: SUSU20-00075, Cimarron Canyon Unit Two (Major Combination).

CITY PLAN COMMISSION OPTIONS:

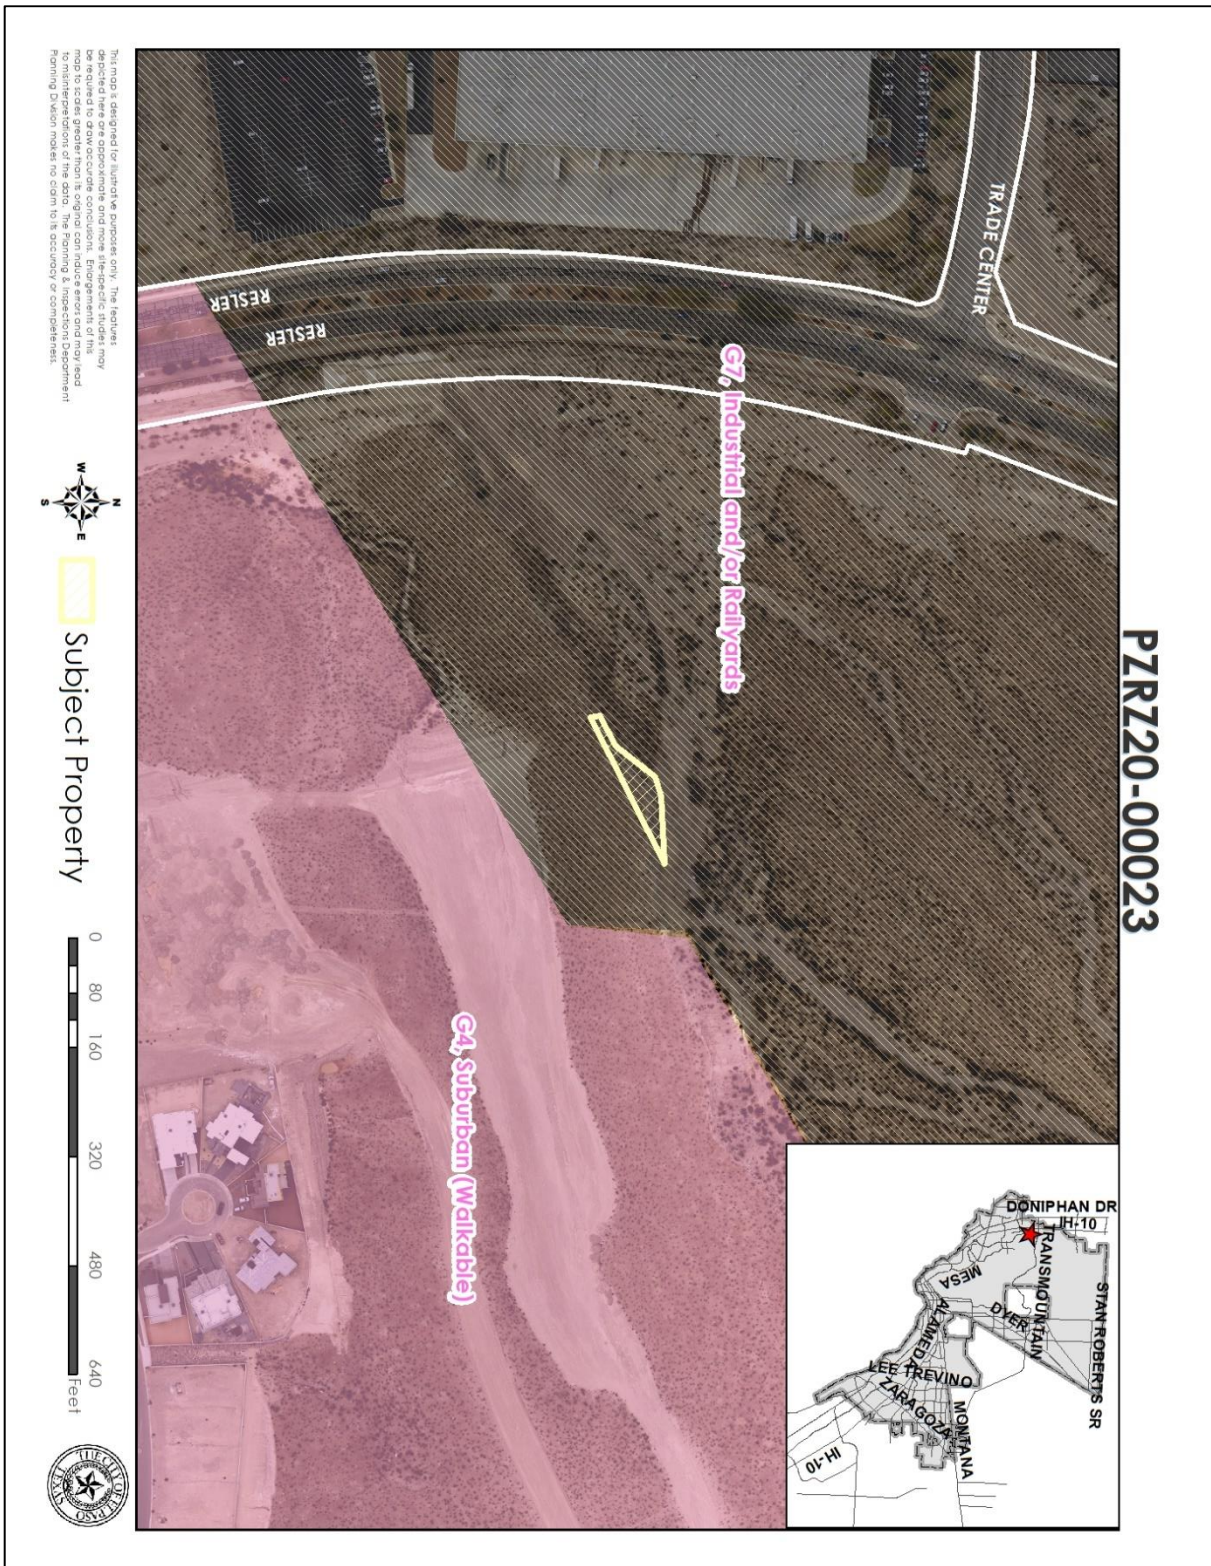

The purpose of the Zoning Ordinance is to promote the health, safety, morals and general welfare of the City. The City Plan Commission (CPC) has the authority to advise City Council on Zoning matters. In evaluating the request, the CPC may take any of the following actions:

1. **Recommend Approval** of the rezoning request, finding that the request is in conformance with the review criteria of *Plan El Paso* as reflected in the Staff Report, or that the request is in conformance with other criteria that the CPC identifies from the Comprehensive Plan. **(Staff Recommendation)**
2. **Recommend Approval of the rezoning request With Modifications** to bring the request into conformance with the review criteria of *Plan El Paso* as reflected in the Staff Report, or other criteria that the CPC identifies from the Comprehensive Plan.
3. **Recommend Denial** of the rezoning request, finding that the request does not conform to the review criteria of *Plan El Paso* as reflected in the Staff Report, or other criteria that the CPC identifies from the Comprehensive Plan.

El Paso Water Utilities

We have reviewed the request described above and provide the following comments:

El Paso Water (EPWU) does not object to this request.

The Owner/Developer will enter into a Development Agreement with the El Paso Water – Public Service Board (EPWater-PSB) to construct, 8-inch diameter water mains and 8-inch diameter sanitary sewer mains for Cimarron Canyon Unit Two Subdivision. The Developer’s utility contractor will install the required water and sanitary sewer mains which will be available for permanent service once EPWater-PSB issues a Letter of Final Acceptance of the facilities.

General:

EPWater requires a new service application to provide service to the property. New service applications are available at 1154 Hawkins, 3rd floor and should be made 6 to 8 weeks in advance of construction to ensure water for construction work. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWater – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.
